## PROJECTS

### Custom UI Styling for College LMS

Engineered a user-specific stylesheet for a proprietary learning management system using Stylus and advanced CSS targeting to improve UI/UX

### Personal Portfolio Website

Designed and developed a simple, responsive portfolio website using HTML and CSS to showcase my projects, skills, and academic background.

## SOFT SKILLS

**Attention to Detail:** Focused on refining output — from code and UI tweaks to written content — ensuring precision and polish.

**Research-Oriented:** Skilled at verifying facts, exploring alternatives, and gathering information from reliable sources.

**Time Management:** Balances academic responsibilities with side projects and self-learning, optimizing effort under time constraints.

## SKILLS
